

HU - 1

HUP-1: Front Row; W.F. Dulaney, LCDR F. Bors. LTJG V.E. Frank, R.M. Cody. Back Row; L.A. Walker, R.D. Booker, A. Johnson, H. Fleurent, J.R. Davis.

"Fools rush in where Angels fear to tread," is only a song so far as our "Angel" is concerned. The men of Helicopter Unit One man the Ticonderoga's "chopper" and insure that if one of our pilots is in danger, "Angel" will answer—no matter the peril.

Working long hours maintaining the helicopter in perfect operating condition is as vital as the actual mission. One of the fleet's best methods for routing mail, supplies and personnel throughout the task force, the helicopter has become an integral part of carrier air group operations.

LCDR Frank Bors and LTJG Vernon Frank are the officers concerned with HU-1. They have the admiration of all aboard the ship.
