

DENTAL DEPARTMENT

DENTAL OFFICER - LCDR P.J. Reisman

nav de

Through a concentrated campaign, the men of Dental succeeded in preventing about as many cavities as they filled. They used their skills and facilities to perform surgery, clean teeth, and make dental plates while all the time urging the men to practice proper dental care. Statistics show that cavities were down compared to last year—making Dental's hard work worth it. Every fighting Tiger needs good "fangs" and that's what Dental provided Movin' West '68.
