

MEDICAL DEPARTMENT

SENIOR MEDICAL OFFICER - CDR E. Fontenot

What AIMD was to our planes, Medical was to us. Whether it was with sick call, surgery or shots the men of Med kept the Tigers healthy and ready for the fight. They stood by on the flight deck, inspected our food and water, and even opened their doors to overflow "guests" when things got crowded. Without our Medical "insurance" the Tigers couldn't have kept Movin' West '68.
